The aliens have landed poem. Aliens on earth cartoon.

Nick CannonéAAAthe unstoppable entertainer, comedian, actor, and musicianeAAAwas inspired to write Neon Aliens Ate My Homework and Other Poems as a way to combine the worlds of poetry and hip-hop. These two mediums have shaped Nick into the prolific artist he is today. To furtherpay respect to the urban storytelling that inspired him, each funny, gross, wacky, or thought-provoking poem in this collection is illustrated by one of six incredible street artists who have shown his or her work around the world. There are even four illustrations by Nick himself. This is a great book for reluctant readers, very engaging with street art illustrations written by nick cannon, enables a combination of hip hop and poetry. 20 Jul 2015 rikki added it in an attempt to combine his love for hip-hop music and shel silverstein poetry, the celebrity nick cannon handed alene neon ate my tasks for the joy or discomfort of children and librarians from all over the world. cannon informs in the introduction that every poem is illustrated by a famous street artist (some of them alone) but are not provided credits in the real book to know who illustrated which poem. Although it can seem like a great idea to illustrate hip-hop poetry in rhyme with street art, the idea is performed in a Poory way. Unfortunately, the same can be said for the collection of poems. While many are quite intelligent and fun, the transparent abuse of the rhymes becomes very boring at the end. There are many different types of poetry, but Cannon only seems to know one. Perhaps improvements have been made from the incorrect test to the final print, but this reader is skeptical. An optional purchase for school and public libraries. Urban libraries could find this welcome addition to their collection. ... another 2.5/5 Starsnick Cannon, the book of cannon poems is fine if you don't take it too seriously. It is not amazing, only random thoughts to which children could be able to relate to. You have an assortment of inspiring poems, banal humor and regular humor. Some are really good, others so, others completely not inspired and some (which involve body functions) are simply bad. I did not easily take this book because it is so irregular, but there is a lot to do much. Maybe if I don't deal with the poems I don't ... some of my favorites are: positive against negatives, lend your light (excellent message), school of hip hop (inventive but can go over some children "heads"), jazz talkin (really like this ... it iselihW .elas koob esuoheraW citsalohcS tneצר tsom ruo ta nonnaC kciN yb noitcelloc yrteop yraropmetnoc siht dnuof I dekil ti detar sknahS etaK 5102,31 yaM erom... 7 The ko saw you detar aruaL 5102,32 rpA erom... 7Poems deal with boogers, scores, Erutti etc. ... other poems actually face some very urgent and timely problems.
